Mobile No.: +91-82605 53203

HOBBIES AND INTERESTS

- Exploring emerging tech: trying new AI tools, dev boards and frameworks
- Cycling
- Travelling and discovering new places

CO-CURRICULAR ACTIVITIES / ACHIEVEMENTS

- **Best Innovation Team**, CHAKRAVYUH 1.0 National Hackathon (36 h), GITA, Jan 2026 (₹10,000 prize)
- **National finalist**, India Innovates 2026, Bharat Mandapam, New Delhi
- **Shortlisted**, Smart India Hackathon 2025; SIH 2026 college round; Hack For Green Bharat (Top 400)
- **Advanced to Phase 2**, ET Gen AI Hackathon 2026
- **Selected to compete**, Google Gemini's Fund My Crazy, Sep 2026
- Participant, KSHITIJ 2026, IIT Kharagpur (Sand Rover)
- NCC 'A' Certificate (Navy wing, Grade A) and NCC 'B' Certificate (Army wing)

PERSONAL DETAILS

Address: Bhubaneswar, Odisha, India

Languages known: English, Hindi, Odia

REFERENCES

Available on request.

OBJECTIVE

Aspiring data analyst and all-round software engineer skilled in Python, SQL and Excel, seeking opportunities to turn data into useful decisions, build reliable software and grow with strong teams.

EDUCATION

- **B.Tech (Computer Science & Engineering)**, GITA Autonomous College, Bhubaneswar — 2025 – 2029 · pursuing (2nd year)
- **Class XII**, Sainik School Bhubaneswar, Bhubaneswar — 2025 · 1st Division
- **Class X**, Sainik School Bhubaneswar, Bhubaneswar — 2023 · 1st Division

OTHER COURSES / SOFTWARE PROFICIENCY

- **Google Data Analysis with Python** (Coursera, 6 courses: Python, NumPy, pandas, Jupyter), Jun 2026
- **Programming Fundamentals** (Duke University, Coursera), Dec 2025 · **Introduction to Microsoft Excel**, Nov 2025
- **Junior Software Developer, NSQF Level 3** (Skill India & NASSCOM, Grade A, 450 h), Apr 2024
- **Digital Productivity with AI** (UNICEF YuWaah), score 100%, Dec 2025
- **Software:** Python, SQL (MySQL), Node.js, HTML/CSS; basics of C, Java · pandas, NumPy, Jupyter, FastAPI, Streamlit, OpenCV · Git, Excel, SQLite

SUMMER TRAINING / INTERNSHIP

- **Python Developer Intern**, The Entrepreneurship Network (TEN), Remote · Letter of Recommendation — 3 months · May–Aug 2026
- **Python Programming Intern**, InternPe, Remote — 6 weeks · May–Jun 2026

SEMINARS AND WORKSHOPS

ATTENDED

- G20 Student-Scientist Connect Program, JIGYASA, CSIR-IMMT Bhubaneswar (Apr 2023)
- Arduino Boot Camp, GITA Autonomous College, Bhubaneswar

PRESENTED

- "GOD VIEW" at the India Innovates 2026 national finals, Bharat Mandapam, New Delhi (Mar 2026)
- "UNSPOKEN" at CHAKRAVYUH 1.0 National Hackathon, GITA (Jan 2026)
- "ANUMATI" at the Smart India Hackathon 2026 college round, GITA (Sep 2026)

PROJECT

"India's Toll Network" · Data analysis · Python, pandas, SQL
Objective: clean a 2,003-plaza registry (159 records fixed or flagged) and query it in SQL; 4 states hold 53.6%.

"GOD VIEW" · Team ASTRA-X, India Innovates 2026 · Mar 2026
Objective: an OSINT digital twin of live flights and satellites on a 3D globe; I built the back-end data ingestion (FastAPI, Neo4j).

"UNSPOKEN" · Team ASTRA-X, CHAKRAVYUH 1.0 · 36-hour hackathon, Jan 2026
Objective: a wearable that warns visually impaired users of obstacles and turns gestures into speech (Raspberry Pi, TensorFlow Lite). Best Innovation Team.

"Smart Toll Plaza Management & GIS Command Center" · Self project
Objective: live number-plate recognition with a Pan-India toll-plaza map and analytics (Python, OpenCV, Streamlit).

"Student Attendance Management System" · The Entrepreneurship Network · May–Aug 2026
Objective: a multi-role desktop app with session-locked QR-code attendance (Python, Tkinter, SQLite).

SOFT-SKILLS

Communication · Leadership (NCC) · Problem solving
